TO PRACTICE NURSING IN THE
STATE OF NEW JERSEY

CONSENT ORDER OF SURRENDER
OF LICENSE IN RESOLUTION
IN RESOLUTION OF
PROVISIONAL ORDER
OF DISCIPLINE

This matter was opened by the New Jersey State Board of Nursing upon the receipt of information that resulted in the filing of a Provisional Order of Discipline on September 20, 2013, provisionally imposing discipline based upon respondent's failure to notify the Board of the issuance of a consent order by the Texas Board of Nursing on or about November 12, 2012,

imposing the sanction of a limited license upon respondent based upon her lack of fitness to practice nursing due to a health condition. The Provisional Order filed by the New Jersey Board concluded that, based upon the findings of the Texas order, respondent may be unable to perform the functions of a licensee within the intendment of N.J.S.A. 45:1-21(i).

In response to the Provisional Order, respondent indicated that she was willing to voluntarily surrender her New Jersey nursing license, and she forwarded her wallet-sized biennial renewal license to the Board. The Board finds that in light of the facts set forth in the Texas order, there is good cause for the entry of this Order in resolution of the Provisional Order of Discipline filed on September 20, 2013 by the New Jersey Board. Accordingly, the Board finding that this order is sufficiently protective of the public health, safety and welfare, and for other good cause shown;

IT IS ON THIS 26th DAY OF November, 2013,

HEREBY ORDERED AND AGREED THAT:

1. Respondent shall hereby voluntarily surrender her nursing license and she shall refrain from the practice of nursing in the State of New Jersey pending further order of the Board. Respondent shall forward her nursing license forthwith to Susan Carboni, Deputy Attorney General, P.O. Box 45029, 124 Halsey Street, Fifth Floor, Newark, NJ 07101 on behalf of the

Board of Nursing.

2. The Board shall not entertain any application for reinstatement from respondent unless or until respondent is able to demonstrate, by means of evaluation or monitoring conducted under the auspices of the Recovery and Monitoring Program of New Jersey (RAMP) or another, Board-approved monitoring program, that she is fit and competent to resume nursing practice.
